

## **REPAIR GUIDELINES - OFFICE OF EMERGENCY SERVICES (OES) 6808**

(No. 1 June 1989)

### **OES Owned - CDF Assigned**

CDF enters into agreements with OES to assign equipment to individual units when the equipment is operated within the unit of assignment. The responsibilities for repair are as follows:

- Repairs for any single job up to \$50 are the responsibility of CDF.
- Repairs for any single job above \$50 are the responsibility of OES, the first \$50 being paid by CDF.
- Authorization for repairs to OES equipment above \$50 must be granted by OES and OFA in each case.
- OES is responsible for replacing tires and batteries and must be contacted when replacement of these is necessary.

### **OES Owned - CDF Nonassigned**

When, at the direction of OES, the equipment is operated away from its assigned location, OES is directly responsible for the repairs.

- OES equipment assigned to cities, fire districts, etc., may be dispatched by OES to CDF fires under the terms of OES, USFS, CDF agreements.
- CDF will perform minor repairs on these vehicles when necessary to the fire assignment. Minor repair in this case means repairs requiring no more than two hours of a mechanic's time. Should such repair become necessary, CDF is responsible for repair parts cost.
- Should a repair require more than the two hours of a mechanic's time, OES should be advised to arrange for repair accordingly.
